President's Address

Dear Board Members,

I am glad to present the Activity Report 2017-18 of SAMAR Charitable Trust. We have completed third year of activities. I am happy to inform that now our feet are firm on ground.

This year we have transformed our work of informal education in slums into a systematic professional work. The annual activity calendar has been made. Professional people are working on the project to make it success. We are getting progress reports also.

This year we had started a study on slums. We hope this study will enhance our knowledge of Urban Poverty and Unorganised Labour Community. We hope the study will be completed before the end of this calendar year.

I am also glad to inform you that Website of our Trust is ready. We have to explore this world more extensively. This tool will be helpful to expand our reach among larger masses. Also, our visibility will be more frequent now.

SAMAR also carried a tedious relief work for affected masses in North Bihar who got devastated in floods this year.

Now we are three years old. Many new doors will open for us. We have to stand firm be counted at the crucial times.

Thank you.

**Swati Kashyap
President**

Programmes and Activities

Voluntary Teaching in Slums

Voluntary Teaching Programme of SAMAR in slums of Patna is being run for 4-5 years now. It started from a small slum in Mahesh Nagar, near Patliputra Colony. Now there are three big slums where we are working. Taking a big leap this year, we have hired the services of **educationist and Social Activist Mr. Uday Pratap Singh**. Now the work is going in a professional manner. He is at present preparing the profiles of all the children who are associated with us in slums. The profiling will contain all the details of children that will shed light on the economic and social background of those children. Also their educational capabilities will be known to us. This will help us in improving the learning achievement of each children in coming days.

Children studying at a Learning Centre, Indrapuri, Patna

In an attempt to enlarge the envelope of voluntary teaching, we have had a series of talks with government schools. We are building relationship with the teachers of Primary Schools. For a beginning, a session of Origami was conducted at a primary school in Indrapuri, Patna recently. This process if continues for a longer period then it will bear fruits.

We have expanded our work this year. A new centre has come up at Mangal Akhara, Patna City with the help of engineers and employees of Electricity department. Mr. Mazhar Hussain a junior engineer in Electricity Department is the key person in this initiative. Now we are working in four slums. Theses slums are –

- **Indrapuri**
- **Rajiv Nagar**
- **Adalatghat, Bankipur**
- **Mangal Akhara, Patna City**

We hope our reach to slums will increase in coming years.

Website

A new website is under construction with url name – www.samar.org.in. A member of our Samar Youths, Shahbaz Haider is supervising this project. All the information of our Programmes and activities and other legal documents will be available on the website. In a month or two, it will be available on worldwide web. Anybody will be able to find information about Samar Trust very easily.

We hope this will increase our outreach and also help us present our work to larger masses.

Art and Culture

This year a new initiative by SAMAR members has been rolled out – Community Jamming. Azmi is spearheading this musical initiative. Under this initiative Azmi has conducted Busking – *the activity of playing music in the street or another public place for voluntary donations* – which helped SAMAR to spread message and raise funds also. We hope next year the initiative will flourish.

Summer Camp

In this activity year SAMAR organised an activity camp for children of Kamla Nehru School, Patliputra Colony, Patna. The camp engaged the children for five days in various interesting activities like – Story Telling, Film Show, Mask making, Origami, theatre games etc. The purpose of the camp was to inculcate various skills of Art and various values of life in the school going children. The method of joyful learning made it not only interesting but successful also. Some 40 children participated in the camp.

Children enjoying a film show in Summer Camp

Research and Development

In activity year of 2017-18, we conducted a study on slums.

We hope this study will enhance our knowledge of Urban

Poverty and Unorganised Labour Community. We hope the study will be completed before the end of this calendar year. We have given the first draft of the report to Rahul Yaduka – a PhD scholar in Delhi for proof reading. At present, report sheds light on demography of slum dwellers, educational status of head of family of each families surveyed, caste break up and status of welfare schemes in slum areas.

This report is a painstaking job of two young volunteers of SAMAR – Furquan and Zaheeb.

Flood Relief Work

A devastating flood rocked the northern parts of Bihar in July – August 2017. Some districts were severely affected like Madhepura and Supaul. SAMAR carried a relief works in these districts through friends working in those flooded areas. We distributed about 1000 kgs of rice among flood affected people. In Supaul, bleaching powder was distributed in order to control the spread of any epidemic among villagers. SAMAR also mobilised donations to distribute warm clothes among children in Supaul. These children live with their families on a land surrounded by water bodies from four sides like an island. Every year during flood, they get displaced and get deprived with their basic needs. SAMAR came like Man Friday for those children.
