SAMAR CHARITABLE TRUST

***"YOUTHS ARE HARBINGER OF CHANGE"***

## 101 CHILDREN ENROLLED!

In a significant milestone, we have assisted in the enrollment of 101 children in schools! Since June 2024, we have actively engaged out-of-school children through creative and enjoyable learning activities, fostering essential reading and writing skills and inspiring a lifelong love for learning.

## SENSITIZATION ACTIVITIES

We have been continuously engaging with the community on various aspects like domestic violence, early marriage, livelihood, health and hygiene, the importance of education, addiction, and much more. This has helped them in understanding the issues at hand in a better way.

## IMPROVING ACCESS TO ENTITLEMENT

The people living on the margins are generally not aware of or don't know the process for the welfare schemes of the government.

SAMAR through its continuous efforts, is trying to assist slum dwellers in accessing the schemes and simultaneously building leaders in slums to take up this work in the absence of any external support. In the past one year, we have applied for 365 entitlements, and 264 have been granted so far.

## VILLAGE LIBRARY INITIATIVE

In 2021, SAMAR initiated its library initiative to provide reading space in libraries, which can help the youth of the community to focus on studies, build their careers, and develop reading habits.

In the month of June, we have been able to inaugurate the Kishori Sharan Singh Library in Painal on June 1, whereas the Bhim Rao Ambedkar Library in Rampur Ismail Bahpura will be inaugurated on July 13.
