"YOUTHS ARE HARBINGER OF CHANGE"

1 MORE PUBLIC LIBRARY!

The Bahpura library was supposed to be inaugurated on July 13, 2025, but due to unavoidable circumstances, the coordination committee had to be dissolved. A new 11-member coordination committee was formed. The name for the library was decided as Maulana Mazharul Haque Public Library. The library will be inaugurated on July 27.

SIXTH PLANTATION DRIVE

In continuation for the sixth year, SAMAR is planning to organise plantation drives in the nearby villages of Neora. We are planning to plant 200 saplings in 20 villages. Protecting plants and the environment is one objective, but bringing together different communities and people is also a key purpose. The plantation will be carried out on Sunday, August 3.

LEARNING TO LIFE IN URBAN SLUMS THROUGH THEATRE

For the past three years, SAMAR has been running a Theatre in Education (TiE) initiative with children in three urban slums. This programme uses theatre as a powerful medium to make learning joyful, inclusive, and rooted in children's everyday lives. Through storytelling, roleplay, and performance, children explore themes of rights, identity, health, and environment—often in their own language and cultural context.

OVER 1,110 ASSISTED IN VOTER VERIFICATION DRIVE

Since the Election Commission of India has announced Special Intensive Revision, the community mobilisers in six slums have been working tirelessly to ensure everyone's enumeration form is being filled. Over 1110 people have been assisted in the process. We have also been holding camps to enrol new voters through filling out Form 6.
